

Lucia B. Flores

When I was little, my mother always brought me to school, but unfortunately she died when I was in Grade One. My dad left for Libya to work so, grandma started taking care of us. I was taught to work on my own.

Then I joined FHMS and that made my life better. I learned how to speak in English. I learned how to be a leader. In fact, I am now a Vice President of our class. I dream of going to a good high school then onto college and someday help my family and other people. I want to finish my studies and become a teacher. I want to become a teacher and teach other children what I had learned in FHMS.
